Wastes Disposal Location: Fargo Landfill

Agencies Involved: Local Fire Department

Updates

Date: 11/27/2015 **Status:** Correspondence

Author: O'Gorman, Brian

Updated Volume:

Notes:

Spoke with Mr. Hubrig of Fargo Cass Public Health via phone. According to Mr. Hubrig, the release was contained and soaked up with Floor Dry and sand. The amount that entered the storm drain was minimal, and the fire department had removed as much as possible with oil-absorbent pads. Photos of the cleanup will be emailed to me. Should any further on-site followup be needed, Mr. Hubrig will contact me. Follow up with photos from Mr. Hubrig.

Date: 11/27/2015 **Status:** Reviewed - Follow-up Required

Author: O'Gorman, Brian

Updated Volume:

Notes:

According to the report, 20 gallons of diesel fuel were released at the Stamart parking lot. The release was soaked up with Floor Dry and will be disposed of at the Fargo landfill. A small amount entered a storm drain. Further followup needed.

Date: 12/3/2015 **Status:** Correspondence

Author: O'Gorman, Brian

Updated Volume:

Notes:

Received an email from the Cass Emergency Preparedness director. Email contained photos of the cleanup and message stating the release did not enter the storm drain, and the impacted sand used for cleanup was removed with no contamination remaining. No further followup needed at this time. Email and photos added to folder.
